Fall, 2005

Hello to All,

It is with great pleasure that I am writing to you as a part of our second issue of the newly re-formatted journal, THE CONSTRUCTIVIST. You will be glad to know that your editorial staff is more into the swing of producing these issues now. We are learning as we go and things are going more smoothly with each issue. Liala wants to hear your feedback and suggestions for improvements. You can email her at [lstrotman@yahoo.com](mailto:lstrotman@yahoo.com). We are here to support you, as well as constructivist teaching and learning. Thank you for getting the word out to your colleagues so that more articles are being submitted. That really helps. Please keep it up.

This will be the last issue that the journal URL will be directly linked to the ACT website for all to access. After this, the URL will be sent by email only to those people who are current members. THE CONSTRUCTIVIST is an ACT membership privilege. If you are not a member and enjoying the cutting edge articles in THE CONSTRUCTIVIST, we invite you to join in support of our mission by becoming a member. If you are a member, thank you for your support. Read on without guilt! ;-)

The ACT Board made increasing our membership a major goal for this membership year. We urge all of you to distribute copies of our membership form found on the ACT home page at <http://www.odu.edu/act> to colleagues concerned about encouraging more thinking in learning settings. We believe strongly that the hope for improved education lies in constructivist theory-driven teaching. Thank you for helping ACT spread the word.

Hope to see each of you at ACT 2005 on November 4<sup>th</sup> & 5<sup>th</sup> in Danvers, MA.

All the best,  
Alice
